Note 1 - Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices, Impact of NAIC/State Differences

The accompanying financial statements of Texas FAIR Plan Association (TFPA) have been prepared on the basis of accounting practices or permitted by the Department of Insurance of the State of Texas (TDI). Prescribed statutory accounting practices include state laws, regulations and general administrative rules applicable to all insurance companies domiciled in the State of Texas and the National Association of Insurance Commissioners' (NAIC) Accounting Practices and Procedures Manual subject to any deviations prescribed or permitted by the Texas Department of Insurance.

Reconciliations of net income and policyholders' surplus between the amounts reported in the accompanying financial statement (TX basis) and NAIC SAP follow:

Net Income	SSAP#	F/S Page	F/S Line #	2018	2017

B. Use of Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect the amounts reported in these financial statements and notes. Actual results could differ from these estimates.

C. Accounting Policy

Direct and ceded premiums are earned over the terms of the related policies or reinsurance contracts, respectively. Unearned premium reserves are established to cover the unexpired portion of premiums written. Such reserves are computed by pro rata methods for both direct and ceded business. The Association has a minimum policy premium of \$100.

Expenses incurred in connection with acquiring new insurance business, including such acquisition costs as sales commissions, are charged to operations as incurred. Expenses incurred are reduced for ceding allowances received or receivable.

In addition, the company uses the following accounting policy:

- 1. Short-term investments are stated at amortized cost, which approximates market value.
- 2. through 9. Investment and mortgage loan related, Not applicable
- 10. The Association does not anticipate investment income when evaluating the need for premium deficiency reserves.
- 11. Unpaid losses and loss adjustment expenses include an amount determined from individual case estimates and loss reports, and an amount, based on past experience, for losses incurred but not reported. Such liabilities are necessarily based on assumptions and estimates and while management believes the amounts are adequate, the ultimate liabilities may be in excess of or less than the amounts provided. The methods for making such estimates and for establishing the resulting liabilities are continually reviewed and any adjustments are reflected in the period determined.
- 12. The Association has a written capitalization policy. The predefined capitalization policy thresholds have not changed from the prior year.

B. Assessments

1. Liability and Related Asset

The Association is subject to a fire assessment by the State of Texas in which the Association writes business. The assessment is premium-based and recorded at the time the premiums are written. The Association is not subject to loss-based assessments. The Association has accrued a liability for fire assessment of \$73,000 as of March 31, 2018 and December 31, 2017, respectively. The amounts recorded represent management's best estimates based on assessment rate information received from the State of Texas. The assets included in surcharge receivable have been fully non-admitted as of March 31, 2018 and December 31, 2017, respectively. Policy surcharges collected were \$1,293 and \$131,304 for the period ending March 31, 2018 and for the year ending December 31, 2017, respectively.

Note 22 – Events Subsequent

Type II – Nonrecognized Subsequent Events

Subsequent events occurring after March 31, 2018 have been considered through May 10, 2018, the date the quarterly statement was issued. The member assessment approved by the Texas Department of Insurance commission on March 16, 2018 for \$54,941,036 was invoiced on March 27, 2018 and collected in full as of May 10, 2018. The initial assessment proceeds were used to pay down the line of credit in full as of April 25, 2018.

The Association does not believe any other subsequent events have occurred that would require further disclosure or adjustment to the statutory financial statements.

Note 25 - Changes in Incurred Losses and Loss Adjustment Expenses

A. The estimated cost of loss and loss adjustment expense (LAE) attributable to insured events of prior years decreased by approximately \$3,900,000 during 2018 and decreased by approximately \$1,700,000 during the year ending 2017. Increases and decreases of this nature occur as the result of claim settlements during the current year, and as additional information is received regarding individual claims, causing changes from the original estimates of the cost of these claims.

The Company attempts to consider all significant facts and circumstances known at the time loss reserves are established. Due to the inherently uncertain process involving loss and loss adjustment expense reserve estimates, the final resolution of the ultimate liability may be different from that anticipated at the reporting date. Therefore, actual paid damages in the future may yield a material different favorable or unfavorable amount than currently reserved. During August 2017, the Association was impacted by Hurricane Harvey. Gross and net of reinsurance ultimate loss and loss adjustment expenses from Hurricane Harvey are estimated to be approximately \$85,000,000 and \$41,198,680, respectively and included in the figures above. The appointed actuary for the Association has opined that the loss and LAE as of March 31, 2018 make a reasonable provision for the Association's claims liabilities.
